Total Due

DebateUs! is founded by Stefan Bauschard. Stefan was a policy debate coach for the Harvard University Debate Council for twelve years, and is currently the Debate Coach for Lakeland School District, as well as the Founder and Director of DebateUS!, the Georgetown Public Forum Debate Workshop, the Georgetown Public Forum debate tournament, and the Middle School Tournament of Champions.

He also consults with the US National Speech & Debate Association (NSDA) on the development of their international programs. Stefan has been actively teaching speaking and debating in the United States at both the high school and college levels since 1994. During that time, he has taught hundreds of students, developed and tabulated more than one hundred tournaments, spent thousands of hours developing research and instructional materials for debaters all over the country, and has developed academic speech and debate workshops in the United States and abroad. His students have reached the late elimination rounds of all the major high school debate tournaments, have qualified to the TOC, finished 6th out of more than 200 teams at US NSDA nationals, and have competed in all formats.

Evening Online Courses
